

Overview

Bring warmth to your patio with this pole mounted infrared patio heater. Featuring all the benefits of a regular patio heater, this unit uses electricity for convenient continuous heat, making it perfect for use indoors or outdoors while providing a nine foot blanket of heat that is not affected by wind.

- * Powder-coated black
- * Safe, clean, odourless infrared technology
- * Easy to use: just plug in and enjoy
- * 5000 hr Phillips Quartz Halogen lamp
- * Instant on/off
- * Uses a standard 110V household current
